**DETAILED ACTION**

1. Claims 1-3 are currently pending.

***Election/Restrictions***

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claim 1, drawn to a method for determining the effectiveness of an herbal or peptide component against HIV or AIDS, classified in class 435, subclass 6.
  - II. Claim 2, drawn to an herbal composition, classified in class 424, subclass 747.
  - III. Claim 3, drawn to a peptide composition, classified in class 424, subclass 551.

The inventions are distinct, each from the other because of the following reasons:

3. Inventions I, II, and III are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are distinct because they have different functions. The function of invention I is to measure the effectiveness of a pharmaceutical in treating HIV or AIDS. Invention II is drawn to an herbal composition. Invention III is drawn to a peptide composition. These are distinct functions.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Art Unit: 1651

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143). Applicant must specify either invention I, invention II, or invention III for examination.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
